Matchmaker, Matchmaker, Make Me a Match

Matchmaker and owner of Bonnie The Matchmaker, Bonnie Wills is a happily married lady of 18-plus years. Bonnie The Matchmaker is among Arizona's most personalized matchmaking services, primarily catering to the needs of busy professionals.

My clients come to me to meet people who are basically at the same level of education and from similar socio-economic backgrounds as themselves," says Wills. "They do not have problems getting dates. But they do lead very busy lives and are very selective about who they go out with. They are educated professionals seeking potential mates."

There are over 700,000 singles in the Valley, but it is difficult to make a wise choice given the restrictions of time and logistics.

Bonnie Wills started a singles' dining club five years ago and soon realized there was a desperate need in Arizona for a personalized matchmaking service. As a result, Bonnie The Matchmaker was founded.

Bonnie The Matchmaker is an old-fashioned matchmaking service with a '90s twist that few other services offer. Wills credits herself with five marriages in less than three years.

A major concern of both men and women today, especially in a transient, boom area such as the Valley, is that the potential matches have a clean background. "When I decided to do background checks, I wanted to obtain the most accurate information for the safety and peace of mind for my clients."

In today's hectic and busy lifestyle, a proper introduction is no longer something that just happens by luck. But it is a necessity. Bonnie The Matchmaker broadens the options and narrows the field to find the ideal match for its clients. Bonnie The Matchmaker is currently offering a proven and unique program at an affordable rate.
